

WeShare Access[®]

Summary of Sharing

Program Description

WeShare Access is a virtual-based health sharing program that helps Members maintain a healthy lifestyle. By partnering with Amwell Telemedicine, WeShare Access provides Primary Care, Urgent Care, Dermatology, Lactation, Nutrition, and Behavioral Health support with the convenience on-the-go care. Members also receive in-person sharing support for eligible services through CVS MinuteClinic, Urgent Care, and hospitalizations, as well prescription sharing benefits. It's a highly cost-effective program option for people who are looking for a healthcare sharing option for preventive care, unexpected injuries, and life-threatening illnesses.

WeShare Access provides sharing for eligible hospitalizations, urgent needs, CVS MinuteClinic services, and Amwell telehealth. Professional services are ineligible (unless otherwise specified below) except when performed by Amwell, CVS MinuteClinic, or in conjunction with a hospitalization, urgent care, or emergency room as a result of an accident, unexpected injury, or sudden emergency/life-threatening illness. Follow-up care once the Member is stabilized is not eligible.

WeShare Access is available at two membership tiers: \$5,000 or \$10,000 Annual Member Care Share, so Members can choose the annual out-of-pocket limit that fits their needs. The \$5,000 AMCS amount is perfect if you want a little more security—if you have a major health event, then you pay less out-of-pocket when you need care. With the \$10,000 AMCS amount, your Monthly Contribution to your health sharing program is less and is great if you're someone who does not frequently access medical care beyond preventive visits or the virtual care included with your membership.

Available Markets

States where we sell the program

All States except WA, MT, ND, MA, AK, HI

Network

See specific line item details for sharing levels

In-Person Professional Services	Facility / Hospital Services	Walk-in Clinic	Virtual Care
CVS MinuteClinic PCHS PPO Health Plan network (negotiated rates) for urgent care, as well as labs, radiology, or other eligible services related to eligible urgent needs, inpatient, and outpatient services for accidental injuries and life-threatening illnesses. Reminder: WeShare Access is a limited sharing program, office-based/professional services are generally not eligible.	Open network with preferred, green facilities (red rating equates to higher rates and should be avoided where possible) HST (140% of Medicare fee schedule)	CVS MinuteClinic	Amwell CVS MinuteClinic BetterHelp

Out-of-Network / Non-Network Providers

WeShare Members are encouraged to seek care from participating, in-network care providers through WeShare Access' expansive network. However, WeShare Access may, at its discretion and for eligible medical services, consider a non-participating provider eligible if the following condition is met:

- Services have been approved by Member Services; as an exception

Pre-certification Requirements Summary

See specific line item details for pre-certification details for each service

Pre-certification is required for:

- Inpatient hospitalizations and 23-hr observations
- Surgeries
- Endoscopic, laparoscopic, and colonoscopy procedures
- Imaging such as EBCT (Electron Beam Tomography), CT scan, MRI, and PET scans
- Chemotherapy and radiation
- Trigger point or pain management injections, infusion therapy, biologic drugs, ablations, stimulators, blocks and any drugs >\$1,500 a dose
- Durable Medical Equipment >\$2,500
- Tobacco related illnesses

Members must ensure providers submit the pre-certification form to MedWatch at least 7 business days prior to scheduled services or within 48-hours of an emergency admission

Please note, services listed above are only eligible if rendered as part of an eligible hospitalization or for DME as part of follow-up to a hospitalization for an urgent need (accidental injury or life-threatening illness).

Multiple Services Billed

When multiple services are billed, each service will apply the sharing benefits applicable to that service. For example, if an inpatient service is billed along with x-rays, both the inpatient and x-ray sharing benefit will be applied to the Shareable Medical Bill (SMB).

Pre-existing Conditions

The pre-existing clause may apply to any applicant who has a family history of a serious medical condition or present symptoms, has been diagnosed, or is being treated for a condition themselves. Family history includes, but is not limited to, having a natural parent, brother, or sister diagnosed with diabetes, kidney disease, heart disease, cerebrovascular disease, cancer or required a major organ transplant. Personal history pre-existing conditions means any medical condition for which a Sharing Member has prior diagnostics, represented symptoms for, been examined related to, and/or has received treatment prior to becoming an active Sharing Member of WeShare – whether could have been known to a sharing member or not. Common conditions that could be pre-existing conditions include, but are not limited to: Pre-Diabetes, Type 2 Diabetes, Hypertension (High Blood Pressure), Hypotension (Low Blood Pressure); Hyperlipidemia. However, any condition deemed as pre-existing through UHSM's pre-certification process is subject to the pre-existing clause.

For accepted Sharing Members, WeShare Access applies the following annual sharing maximums for the first 3 years of continuous membership:

Year 1: \$15,000 sharing maximum

Year 2: \$25,000 sharing maximum

Year 3: \$50,000 sharing maximum

Once a Member reaches 36-months of continuous membership, there is no limitation on pre-existing conditions.

If a Member is subject to and exhausts the pre-existing sharing maximum, any service for the associated pre-existing condition will no longer be shared by the program. See Sharing Maximums on page 2 for more information on processing guidelines once a sharing maximum is reached. Please note, pharmacy bills do not accumulate towards the pre-existing maximum.

Sharing Maximums

Applicable sharing maximums are outlined throughout the document within the line item they apply to. Sharing maximums apply to each individual Member unless otherwise stated. If a sharing dollar maximum applies, the maximum is accumulated with paid sharing dollars only (AMCS and consultation fees do not contribute towards the maximum). Once a sharing maximum has been reached, we will continue to process Shareable Medical Bills (SMB) for the services in order to apply network contracted rates, AMCS, and consultation fees where applicable. However, additional shared dollars will not be paid for services beyond the maximum. Therefore, once a maximum is reached, the Member can still benefit from the discounted rates of our network for the service, as well as continue to accumulate AMCS for the service throughout the year.

Waiting Periods

Includes services where a waiting period applies in order to be eligible for sharing. Does not include services that have a sharing maximum for a certain time period; see Sharing Maximums for such services

Applicable waiting periods are outlined throughout the document within the line item they apply to. However, certain conditions have a waiting period regardless of the service that is billed (see below). If a waiting period applies, the services are not shareable until that waiting period has passed.

Conditions that apply a waiting period:

- Cancer: 12-months of continuous membership required (unless Member enrolled in S.M.A.R.T. Care, which reduces the waiting period to 60-days)
- Childhood Immunizations: If a newborn or child was not a WeShare Member as of their birth date, children aged 0 – 18 Month require 6-months of continuous membership and children over 18-months require 10-months of continuous membership.

Eligibility Requirements

Members must be of Christian faith, a permanent U.S. resident, under 65 years old, and at least 18 months old (to act as the Primary Member). In order to be considered as a dependent on UHSM membership, individuals must be related to the primary applicant as follows: spouse/domestic partner, child (up to age 26 if unmarried and living in the same household or away at college), or siblings for children under 18 years old. Eligible children include biological children, adopted children and children in legal custody whose adoption is pending, or where the primary applicant has custody with legal responsibility for the child's medical care. Note: children under 18 years old can have a Combined Sharing Membership only if all children are under 18. Individuals 18 years old or older should be on their own membership.

Members must agree to our Statement of Shared Beliefs as outlined in the membership guidelines and commit to living a healthy lifestyle.

If, at any time, it is discovered that a WeShare Access Sharing Member did not submit a complete and accurate medical history within the membership application, either a specific Annual Share Maximum or membership declination may be issued retroactively to her / his effective membership date.

Newborns

A newborn can be a Member from birth if the application is submitted within 30 days of birth. If the application is not submitted within 30 days of birth, the newborn's effective date will be the first available effective date following approval of the application to add family member(s) or via a membership update form.

Note: WeShare Access does not include automatic eligibility for newborns since maternity is not eligible on the program.

Continuity/Continuation of Care

WeShare Access does not generally allow on-going treatment once a Member's accidental injury or life-threatening condition is stabilized. Therefore, Continuation of Care does not apply. If a member needs to seek care out-of-network, refer to the "Out-of-Network / Non-Network Providers" section.

Specialty & Wellness Perks Eligibility:

Dental Discounts - Careington (provider finder)	Yes, except residents in WA, UT or VT where the program is not available
Vision Discounts - Superior Vision (provider finder)	Yes, except residents in WA, UT or VT where the program is not available

No

Add-on Programs

Programs that can be added to this program, for an additional fee

S.M.A.R.T. Care & A.I.D.D. Care

Member Cost-Sharing

Membership Fees	Application fee: \$149 Tobacco, e-cigarette and marijuana users: \$50 per usage Member, per month Four or more dependents: \$50 per dependent >4, per month Program Change Fee/Dependent Add (after enrollment): \$50 per Member added (waived for newborns added within 30 days of birth) Upgrade Program (to a lower AMCS option): \$99 Default payments: \$25		
Consultation Fees	Consultation fees apply to certain services and are applied to each visit. Unless otherwise noted, when a consultation fee applies, AMCS does not apply. While a summary is listed below, see the specific line item for details and to ensure thorough interpretation of the sharing benefit, including any limitations or exclusions. CVS MinuteClinic: \$20 Emergency Room: \$750 Quest & LabCorp Labs: \$40 Urgent Care: \$100 X-ray: \$25		
Annual Member Care Share (AMCS) The AMCS is selected during enrollment and can be found in Salesforce (for service and SMB: on the 360 view of the SMB tab titled Individual Max/AMCS; for sales: on the home screen next to the program name) To meet the family amount, a minimum of two Members must meet their individual AMCS	Individual	\$5,000	\$10,000
	Family	\$10,000	\$20,000

Pharmacy

Pharmacy Network	CVS Caremark Pharmacy Listing		
Annual Member Care Share (AMCS)	\$250		
Annual Pharmacy Share Maximum	\$2,500		
	Retail Pharmacy, up to 30-day supply Fee applies per prescription	Mail-Order, up to 90-day supply Fee applies per prescription	Limitations and Exclusions
Formulary Generic Medication	40% co-share, AMCS does not apply	40% co-share, AMCS does not apply	- Includes birth control pills - Topical creams not eligible
Standard Brand Formulary Medication	30% co-share, after AMCS is met	30% co-share, after AMCS is met	- Available after 60-days of program participation - Includes birth control pills - Topical creams not eligible
Non-Formulary Brand Medication	Not eligible	Not eligible	N/A
Specialty Brand Medication	Not eligible	Not eligible	N/A

Preventive Care

Services must be billed with a routine, preventive procedure and/or diagnosis code to be considered preventive and processed according to this section. If diagnostic services are billed in conjunction with preventive care, the preventive care will process according to this section but the diagnostic care will process according to the service billed, as non-routine. Except where services are excluded, UHSM follows the healthcare.gov guidelines to help categorize preventive care. If a Member disagrees with the processing (e.g. advises it was a routine service but is not billed as such), Member Services should explain what is included as routine. If the Member confirms diagnostic services were not performed, contact the provider to obtain a corrected bill if applicable and request an SMB review once received.

Service	Sharing Level	Member Responsibility	Pre-certification Requirements	Waiting Period	Notes, Limitations & Exclusions
Routine Annual Physical	100%	\$0	None	None	Must be performed by Amwell or CVS MinuteClinic Physicals billed by any other provider or in an outpatient facility setting are not eligible.
Routine Annual Well-Woman Visit	100%	\$0	None	None	Must be performed by Amwell or CVS MinuteClinic
Routine Bone Density Screenings	100%	\$0	None	None	Must be ordered by Amwell or CVS MinuteClinic Member and Provider Services should quote this information as listed (that the service is only eligible when ordered by Amwell or CVS MinuteClinic). However, SMBs will be processed regardless of the provider because bills for bone density screenings do not indicate a referring provider and we will therefore assume services were ordered by Amwell/CVS provider and allow the services.
Routine Cervical Cancer Screenings	100%	\$0	None	None	Must be ordered by Amwell or CVS MinuteClinic Member and Provider Services should quote this information as listed (that the service is only eligible when ordered by Amwell or CVS MinuteClinic). However, SMBs will be processed regardless of the provider because bills for cervical cancer screenings do not indicate a referring provider and we will therefore assume services were ordered by Amwell/CVS provider and allow the services. Eligible for Members: 21-29 years of age: every 3 years 30-65 years of age: every 5 years Note: Colposcopies (biopsy of the cervix) are considered diagnostic, refer to surgery line item.
Routine Colon Cancer Screenings	100%	\$0	None	None	Must be ordered by Amwell or CVS MinuteClinic Member and Provider Services should quote this information as listed (that the service is only eligible when ordered by Amwell or CVS MinuteClinic). However, SMBs will be processed regardless of the provider because bills for colon cancer screenings do not indicate a referring provider and we will therefore assume services were ordered by Amwell/CVS provider and allow the services. To help contain costs, Members are encouraged to request a colon cancer self-screening option as part of their annual physical with Amwell or CVS MinuteClinic. The following age and frequency stipulations apply: Members age 45 or older: • Self-Screen Option: Cologuard tests are eligible every 3 years, or per ACS guidelines. Routine colonoscopies and sigmoidoscopies are not eligible.

Service	Sharing Level	Member Responsibility	Pre-certification Requirements	Waiting Period	Notes, Limitations & Exclusions
Routine Immunizations	100%	\$0	None	There is no waiting period for adults. Children under age 18 who have been enrolled since their date of birth have no waiting period. If a child is not a WeShare Member at birth, the following waiting periods apply: • Age 0-18 months: 6 months of continuous membership is required prior to immunization sharing eligibility • Over 18 months: 10 months of continuous membership is required prior to immunization sharing eligibility	Eligible for immunizations offered and performed by CVS MinuteClinic. Note: While CVS MinuteClinic makes it easy to obtain a wide range of vaccines, they do not offer every vaccine and may have age requirements based on the Member's state. Shingles vaccine eligible for Members 50 years of age or older. Immunizations obtained strictly for travel purposes are not eligible. See program exclusions, page 13, for a list of ineligible travel immunizations. Immunizations obtained as a work requirement are not eligible as work-related services are not eligible. Non-routine immunizations are normally billed with a non-routine diagnosis and are only eligible if correlated to a hospitalization and are subject to AMCS (e.g. rabies vaccine after animal bite, tetanus vaccine after an accident).
Routine Labs	100%	\$0	None	None	Eligible if ordered or performed by CVS MinuteClinic or Amwell telehealth. To help contain costs, Members are encouraged to: • Request routine labs as part of their annual physical/ annual wellness visit. • Obtain laboratory services from Quest Diagnostics or Lab Corp of America.
Routine Mammograms	100%	\$0	None	None	Must be ordered by Amwell or CVS MinuteClinic Member and Provider Services should quote this information as listed (that the service is only eligible when ordered by Amwell or CVS MinuteClinic). However, SMBs will be processed regardless of the provider because bills for mammograms do not indicate a referring provider and we will therefore assume services were ordered by Amwell/ CVS provider and allow the services. Eligible for Members: 40-54 years of age: every year 55 years of age and older: every other year
Routine Prostate Screenings	100%	\$0	None	None	Services must be performed in conjunction with annual physical with Amwell or CVS MinuteClinic. The following age and frequency stipulations apply: Eligible for Members: Under 45 years of age: Only eligible for sharing when physician requested and performed as part of an eligible hospitalization as a result of a life-threatening illness 45 years of age and older: PSA test eligible every 2 years. If additional screenings are needed, services are only eligible when performed as part of an eligible hospitalization related to a life-threatening illness

Diagnostics and Medical Care

Service	Sharing Level	Member Responsibility	Pre-certification Requirements	Waiting Period	Notes, Limitations & Exclusions
Acupuncture	Ineligible	Full cost of service, services are not eligible for sharing	N/A	N/A	WeShare Access provides sharing for eligible hospitalizations, urgent needs, Amwell, and CVS MinuteClinic services. Professional services are ineligible.
Allergy Testing	100% after AMCS, up to \$1,200 lifetime sharing maximum	AMCS + amounts that exceed \$1,200 lifetime sharing maximum	None	None	Eligible if ordered or performed by Amwell or CVS MinuteClinic. For all other providers, only eligible if it is an urgent situation billed as part of an eligible hospitalization, urgent care or emergency room visit. Not eligible if not an urgent situation (e.g. ongoing testing for rash). \$1,200 lifetime sharing maximum.

Service	Sharing Level	Member Responsibility	Pre-certification Requirements	Waiting Period	Notes, Limitations & Exclusions
Ambulance & Air Transport	100% after AMCS, up to applicable sharing maximum	AMCS + amounts that exceed trip sharing maximum	Pre-certification not required for emergencies. However, medical records may be requested for a post-service review to ensure medical necessity.	While there isn't a waiting period specific to this line item, certain waiting periods apply for specific conditions, before associated services would be eligible for sharing. See waiting periods, page 2, for details. Also consider if pre-existing conditions apply.	Ambulance: \$500 share maximum, per ride Air Transport: \$10,000 share maximum, per ride Please note: the accident protection program (A.I.D.D. Care) can be added for increased sharing levels.
Anesthesia	100% after AMCS	AMCS	Pre-certification is not required for anesthesia specifically but may be required for the service requiring anesthesia. Be sure to review the specific line item associated with the primary procedure.	While there isn't a waiting period specific to this line item, certain waiting periods apply for specific conditions, before associated services would be eligible for sharing. See waiting periods, page 2, for details. Also consider if pre-existing conditions apply.	Eligible when required as part of an eligible hospitalization, urgent care or emergency room visit for accidents, unexpected injuries, and sudden emergency/life-threatening illnesses.
Behavioral Health Counseling	BetterHelp and Amwell: 100% All other providers: Ineligible	BetterHelp and Amwell: \$0 All other providers: Full cost of service, services are not eligible for sharing	None	None	Up to 10 annual BetterHelp or Amwell (combined) visits for individual, family and marriage counseling. However, BetterHelp also has resources and group counseling sessions that Members can access, which do not count towards the 10 session annual maximum. Therefore, such resources are still available once a Member has exhausted their included 10 annual session maximum. Members also receive 30% off to continue BetterHelp treatment beyond the initial 10 visits annually. Amwell offers members discounted visits once the 10 visits have been exhausted: Psychotherapy (Masters level) - \$96; Psychotherapy (Doctorate level) - \$122. Up to 4 annual psychiatric visits with Amwell, per member. Please note: Amwell providers cannot prescribed controlled substances. While the psychiatric visits are eligible through Amwell, prescription drugs used to treat psychiatric conditions are not eligible for sharing. BetterHelp individual therapy minimum age requirement: 18 years old BetterHelp teen therapy minimum age requirement: 13 years old For additional questions surrounding sharable behavioral health services, please refer to https://uhsmorg.sharepoint.com/:w:/s/UniteHealthShareMinistries/EaoFf4Ar-Q9OpkfgB4guMzQBjOX7GHvssJqK3mq57oa76w?e=XBtsCP
Behavioral Health - Inpatient and Outpatient	Ineligible	Full cost of service, services are not eligible for sharing	N/A	N/A	WeShare Access only shares for Behavioral Health Counseling through BetterHelp and Amwell, in and outpatient services are not eligible for sharing.
Cancer	Follows line item for services being billed	Follows line item for services being billed	Pre-certification required	12-months of continuous membership required before procedures and treatments are eligible for sharing. Please note: S.M.A.R.T. Care membership allows related cancer costs to be shared after 60-days of continuous membership, reducing the waiting period.	Procedures and treatments are eligible only when the situation is urgent and life-threatening if not treated immediately (usually resulting in an In-patient admin). Members should be encouraged to move into WeShare program which allows coverage for ongoing treatment. Members must • Notify WeShare within 30 calendar days of diagnosis. • Obtain recommended screening tests to help identify cancers (ages 40 and over). If a WeShare Member fails to notify within this time frame or did not tend to their health by obtaining recommended screenings, the Member's medical needs may not be eligible for sharing. Even though a waiting period applies, the Pre-existing Conditions clause still applies. If the Member's cancer was being diagnosed or treated prior to enrollment, the pre-existing maximums will still apply per the program.

Service	Sharing Level	Member Responsibility	Pre-certification Requirements	Waiting Period	Notes, Limitations & Exclusions
Cataract and Glaucoma	Ineligible	Full cost of service, services are not eligible for sharing	N/A	N/A	WeShare Access provides sharing for eligible hospitalizations, urgent needs, Amwell, and CVS MinuteClinic services. Professional services are ineligible and Cataract/Glaucoma are not considered emergent/life-threatening or performed by CVS MinuteClinic.
Chiropractic	Ineligible	Full cost of service, services are not eligible for sharing	N/A	N/A	WeShare Access provides sharing for eligible hospitalizations, urgent needs, Amwell, and CVS MinuteClinic services. Professional services are ineligible.
CVS MinuteClinic	100% after consultation fee	\$20 consultation fee	None	None	WeShare Access Members should leverage CVS MinuteClinic or Amwell telehealth for sick visits as well as preventative services outlined above.
Diagnostic Labs	Quest and Lab Corp: 100% after consultation fee All other providers: 100% after AMCS	Quest and Lab Corp: \$40 consultation fee All other providers: AMCS	Pre-certification is not required for labs specifically but may be required for the service requiring the labs (e.g. biopsy, surgery). Be sure to review the specific line item associated with the primary procedure. Medical records may be requested for a post-service review to ensure medical necessity.	While there isn't a waiting period specific to this line item, certain waiting periods apply for specific conditions, before associated services would be eligible for sharing. See waiting periods, page 2, for details. Also consider if pre-existing conditions apply.	Eligible only when ordered by CVS MinuteClinic, Amwell or as part of an eligible hospitalization, urgent care or emergency room visit for accidents, unexpected injuries, and sudden life-threatening illnesses. Labs correlated to office-based professional services are not eligible. Labs ordered for pre-surgical testing or follow-up care after an inpatient/outpatient visit are not eligible.
Durable Medical Equipment (DME)	100% after AMCS, up to \$1,200 annual sharing maximum	AMCS + amounts that exceed \$1,200 annual sharing maximum	Pre-certification required for DME over \$2,500 in billed charges	While there isn't a waiting period specific to this line item, certain waiting periods apply for specific conditions, before associated services would be eligible for sharing. See waiting periods, page 2, for details. Also consider if pre-existing conditions apply.	Eligible when prescribed as a result of a hospitalization, urgent care or emergency room visit as a result of an accident, unexpected injury, and sudden emergency/life-threatening illness. Also eligible if ordered/recommended by CVS MinuteClinic or Amwell. Member and Provider Services should quote this information as listed (that DME is only eligible when ordered as a result of an eligible service). However, SMBs may be processed regardless of the provider because bills for DME do not always indicate a referring provider and we will therefore assume services were ordered by Amwell/CVS provider and allow the services. If the submitted SMB indicates the referring provider, we should only allow if ordered in conjunction with an eligible service. \$1,200 annual sharing maximum Certain diabetic equipment and supplies fall under the Pharmacy benefits (insulin, test strips, glucagon emergency injection kits, lancets and devices, needles and syringes) and would be eligible for Access members. However, the following fall under the medical sharing benefits: blood glucose monitors (including continuous) and supplies, continuous blood glucose sensors and transmitters, insulin pumps and insulin pump supplies and are not eligible for Access members.
Emergency Room Includes emergency room facility fee and ER physician fees only. Refer to individual line items for all other services billed within the ER (e.g. labs; radiology, inpatient hospitalization if Member is admitted, etc.)	100% after consultation fee	\$750 consultation fee Consult fee waived if admitted inpatient (regardless of the facility). See Inpatient Hospitalization for sharing benefits if admitted.	Pre-certification not required for emergencies. However, medical records may be requested for a post-service review to ensure medical necessity.	While there isn't a waiting period specific to this line item, certain waiting periods apply for specific conditions, before associated services would be eligible for sharing. See waiting periods, page 2, for details. Also consider if pre-existing conditions apply.	Includes emergency room department charge and the ER Physician fees; all other services follow the specific line item for the service and may be subject to AMCS.
Home Health Care	Ineligible	Full cost of service, services are not eligible for sharing	N/A	N/A	Home Health Care is not eligible.

Service	Sharing Level	Member Responsibility	Pre-certification Requirements	Waiting Period	Notes, Limitations & Exclusions
Inpatient Hospitalization Services billed during an Inpatient Hospitalization apply towards AMCS, except X-rays which apply the \$25 consultation fee.	100% after AMCS	AMCS	Pre-certification required for all inpatient stays (>24 hours), as well as 23-hour observations	While there isn't a waiting period specific to this line item, certain waiting periods apply for specific conditions, before associated services would be eligible for sharing. See waiting periods, page 2, for details. Also consider if pre-existing conditions apply.	Care provided while inpatient for accidents, unexpected injuries, and sudden emergency/life-threatening illnesses are eligible. (in essence, services pre-certified by MedWatch and deemed medically necessary). Services leading up to inpatient stay (diagnosing, testing, treatment) or follow-up treatment once discharged/stabilized are not eligible, unless complications present that constitute an emergency or urgent need.
Maternity	Ineligible	Full cost of service, services are not eligible for sharing	N/A	N/A	Maternity is not eligible.
Medical Supplies Includes supplies utilized by a provider during a service or hospitalization. Over-the-counter supplies are not eligible.	100% after AMCS	AMCS	None	While there isn't a waiting period specific to this line item, certain waiting periods apply for specific conditions, before associated services would be eligible for sharing. See waiting periods, page 2, for details. Also consider if Pre-existing Conditions apply.	Eligible when required as part of a hospitalization, urgent care or emergency room visit as a result of an accident, unexpected injury, and sudden emergency/life-threatening illness.
Office Visit - Primary Care Physician (PCP)	Ineligible	Full cost of service, services are not eligible for sharing	N/A	N/A	WeShare Access Members should leverage CVS MinuteClinic or Amwell for well and sick visits. Primary Care Physicians outside of Amwell are not eligible. WeShare Access provides sharing for eligible hospitalizations, urgent needs, CVS MinuteClinic services and Amwell telehealth. Professional services are ineligible except when performed by Amwell, CVS MinuteClinic or in conjunction with a hospitalization, urgent care, or emergency room as a result of an accident, unexpected injury, and sudden emergency/life-threatening illness. Follow-up care once the member is stabilized is not eligible.
Office Visit - Specialist	Ineligible	Full cost of service, services are not eligible for sharing	N/A	N/A	WeShare Access provides sharing for eligible hospitalizations, urgent needs, CVS MinuteClinic services and Amwell telehealth. Professional services are ineligible except when performed by Amwell, CVS MinuteClinic or in conjunction with a hospitalization urgent care, or emergency room as a result of an accident, unexpected injury, and sudden emergency/life-threatening illness. Follow-up care once the member is stabilized is not eligible.
Outpatient Facility Includes outpatient facility fee for use of the facility. Refer to individual line items for all other services billed within an outpatient facility (e.g. labs, surgery, etc.)	100% after AMCS	AMCS	Pre-certification is required for 23-hr observations	While there isn't a waiting period specific to this line item, certain waiting periods apply for specific conditions before associated services would be eligible for sharing. See waiting periods, page 2, for details. Also consider if pre-existing conditions apply.	Outpatient care provided for the single outpatient incident correlated to an eligible injury or life-threatening illness is eligible. Each subsequent outpatient service must be related to a current life-threatening illness or urgent need. Follow-up care for a stabilized illness or injury is not eligible.
Physical, Occupational and Speech Therapy (Outpatient or Office)	Ineligible	Full cost of service, services are not eligible for sharing	N/A	N/A	WeShare Access provides sharing for eligible hospitalizations, urgent needs, CVS MinuteClinic services and Amwell telehealth. Professional services or follow-up care once a member is stabilized are ineligible.

Service	Sharing Level	Member Responsibility	Pre-certification Requirements	Waiting Period	Notes, Limitations & Exclusions
Radiology	X-rays: 100% after consultation fee All other radiology (eg: CT/MRI/PET scans, ect.): 100% after AMCS	X-rays: \$25 consultation fee All other radiology: AMCS	Pre-certification required for laparoscopy, MRI, CT, and PET scans. Pre-certification not required for emergencies. However, medical records may be requested for a post-service review to ensure medical necessity.	While there isn't a waiting period specific to this line item, certain waiting periods apply for specific conditions, before associated services would be eligible for sharing. See waiting periods, page 2, for details. Also consider if pre-existing conditions apply.	Eligible when ordered by Amwell or CVS MinuteClinic or as part of a hospitalization, urgent care or emergency room visit as a result of an accident, unexpected injury, and sudden emergency/life-threatening illness. Radiology correlated to office-based professional services or follow-up care after the member is stabilized is not eligible. Please note the \$25 consultation fee for x-rays applies only to the technical component. The SMB for professional component will process with no member cost share. This is regardless of place of service.
Surgery	100% after AMCS	AMCS	Pre-certification required for scheduled outpatient or inpatient procedures. Pre-certification required for biopsies when checking for or ruling out cancer, endoscopic procedures and colonoscopies. Pre-certification not required for emergencies. However, medical records may be requested for a post-service review to ensure medical necessity.	While there isn't a waiting period specific to this line item, certain waiting periods apply for specific conditions, before associated services would be eligible for sharing. See waiting periods, page 2, for details. Also consider if pre-existing conditions apply.	Eligible when performed as part of a hospitalization, urgent care or emergency room visit as a result of an accident, unexpected injury, and sudden emergency/life-threatening illness. Office-based surgery or surgery scheduled as a follow-up procedure to a eligible hospitalization is not eligible.
Telehealth - Virtual Care through CVS MinuteClinic or Amwell	For Amwell: 100% For CVS MinuteClinic: 100% after consultation fee	For Amwell: \$0 For CVS MinuteClinic: \$20 consultation fee	None	None	Members have access to Virtual Primary Care, Urgent Care, Dermatology, Nutritional Counseling, Lactation Support through Amwell. They can learn more about Amwell, register and log in at Amwell: https://wesharetelehealth.org/onboarding/central-login-page
Telehealth - Virtual Care with all other Providers	Ineligible	Full cost of service, services are not eligible for sharing	N/A	N/A	WeShare Access Members should access CVS MinuteClinic's Virtual Care service or Amwell for telehealth.
Tobacco	100% after \$25,000 AMCS	\$25,000 AMCS	Pre-certification required	Follows pre-existing conditions waiting periods, see Pre-existing Conditions, page 2, for details. The pre-existing maximums would accumulate on paid sharing dollars after the \$25,000 AMCS is met.	\$25,000 AMCS applies to tobacco or e-cigarette related illnesses such as cancer, respiratory disease, vascular disease (including coronary disease and stroke), oral or esophageal disease and gastric or duodenal ulcers. Services are only eligible when performed as part of a hospitalization, urgent care or emergency room visit as a result of a sudden emergency or life-threatening illness.
Urgent Care	100% after consultation fee	\$100 consultation fee	Pre-certification not required for urgent needs. However, medical records may be requested for a post-service review to ensure medical necessity.	While there isn't a waiting period specific to this line item, certain waiting periods apply for specific conditions, before associated services would be eligible for sharing. See waiting periods, page 2, for details. Also consider if pre-existing conditions apply.	2 visit maximum per individual, per calendar year.

Service	Sharing Level	Member Responsibility	Pre-certification Requirements	Waiting Period	Notes, Limitations & Exclusions
Miscellaneous - All Other Eligible Services, Not Specifically Listed	100% after AMCS	AMCS	Pre-certification is required for inpatient hospitalizations, 23-hr observation stays, surgeries (not performed in a doctor's office), biopsies (when checking for or to rule out cancer), endoscopic and colonoscopy procedures, imaging such as laparoscopy, MRI, CT, and PET scans, chemotherapy and radiation, infusion therapy, and durable medical equipment over \$2,500.	See waiting periods, page 2, for details. Also consider if pre-existing conditions apply.	WeShare Access provides sharing for CVS MinuteClinic, Amwell, Urgent Care, Emergency Room and eligible Hospitalizations. Professional services not correlated with the eligible services noted above are not eligible unless otherwise listed. Note: Hospitalizations (inpatient or outpatient) are only eligible as a result of an accident, unexpected injury, and sudden emergency/ life-threatening illness. Follow-up care once a member is stabilized is not eligible.

Program Exclusions

The below services are not eligible for sharing

Category	Description	Additional Notes
Adenoids	Adenoid removal surgery, if surgery performed previously to remove tonsils, and the adenoids were not removed at the same time	
Alternative Providers	Christian Science Practitioners, Naturopaths, Holistic Providers	
Birth Control	Sterilizations or reversals, even if life-threatening (for example, tubal ligation). The birth control pill is eligible under the pharmacy benefits, however, all other forms of birth control are excluded (including injections, IUDs, etc.).	
Coordination of Benefits	Expenses covered by insurance or another third-party payor agreement of any kind (including, without limitation, worker's compensation, fraternal benefits, self-insured health plan, federal or state governmental program, or any other applicable health insurance), or if a third-party is responsible to pay such expenses. For example, if a Member is injured in a car accident, the Member's automobile insurance may provide coverage or an at fault third-party may be liable for the Member's medical expenses. Under either circumstance, such medical expenses are not eligible for sharing; WeShare does not coordinate benefits with other programs or payors.	
Cosmetic	1. Cosmetic surgery (elective) 2. Breast implants (placement, replacement, and / or removal) and any complications related to breast implants 3. Dermabrasion service	
Dental	Dental services and procedures are ineligible for sharing. This includes but is not limited to: 1. Periodontics; 2. Orthodontics; 3. Temporomandibular joint disorder (TMJ); 4. Orthognathic surgery, and/or; 5. Charges for dental work done under general anesthesia	While dental procedures are not eligible for sharing, Members should be educated on and encouraged to leverage their Dental Discount Program (through Careington).
Dialysis	1. Hemodialysis 2. Dialysis Services, diagnostic testing, laboratory tests, equipment and supplies are not eligible. This also includes injectable and intravenous medication including, but not limited to, Heparin, Epogen, Procrit, and other medications administered directly before, during or after a dialysis procedure.	
Emergency Room	1. Emergency room visits where members fail to provide the required paperwork 2. Use of emergency room for non-urgent medical needs (unless treatment at an emergency room is the only legitimate option, because of the severity of the condition and lack of availability of treatment at an alternative facility)	
Experimental Treatments	Procedures or treatments that are not recognized or approved by the American Medical Association (AMA). This includes procedures not approved by the AMA for a given application, procedures still in clinical trials, and procedures that are classified as experimental, or as unproven interventions and therapies.	
Genetic Testing	Genetic testing and counseling	
Gender Reassignment & Hormone Therapy	1. Gender Dysphoria counseling or procedures 2. Hormone Therapy, for men and women	
Hearing	1. Cochlear devices 2. Other hearing needs	While hearing care and devices are not eligible for sharing, members should be educated on and encouraged to leverage their Hearing Health Care Discount Program (through Amplifon).
Home	1. Home healthcare 2. Home infusion services	
Infertility	Infertility testing or treatment	

Category	Description	Additional Notes
Injections	Injectable medications and infusions, unless related to an accidental injury or life-threatening illness to stabilize the member	
Long Term Care	Long-term care or other care that does not treat an illness or injury (for example, custodial care)	
Negligence & Lifestyle Choices	1. Any illness or injury caused by the member's failure to obtain timely or proper medical treatment, as well as any subsequent illness or injury caused by your failure to follow a plan of treatment 2. Any medical need(s), those of which are caused by lifestyles, choices, or activities which are in conflict with the Statement of Shared Beliefs; these medical need(s) are ineligible for sharing (see notes) 3. Extreme sports injuries (see notes)	Lifestyle choices: 1. Abortion or abortion counseling; 2. Drug screening and nicotine testing (in the event of results coming back positive); 3. STDs / STIs (Sexually Transmitted Diseases / Infections), except in the instance of sexual assault; 4. Illness or injury due to excessive use of alcohol, including intentional excessive consumption; 5. Illness or injury due to illegal or recreational drug use including using any form of cannabis whether or not it has been prescribed by a medical professional; 6. Maternity resulting from adultery or fornication outside of marriage; 7. Illness or injury due to consumption of a prescription medication taken in excess of instructions; 8. Self-inflicted or intentional injuries; 9. Illness or injury caused by illegal activities; and / or 10. Diseases caused by tattoos, body piercing, or lifestyle choices (includes HIV / AIDs and STDs / STIs) Extreme sports: 11. Injuries arising from the use of personal aircraft, and any other aircraft not operated by a commercially licensed public carrier, are ineligible for sharing. 12. Injuries arising from extreme sports (activities perceived as having a high level of danger) are ineligible for sharing. These activities often involve speed, height, a high level of physical exertion, and specialized gear, and are ineligible for sharing. 13. Injuries relating to activities that are considered professional athletic competition or training, for a profit, or sponsored events, are ineligible for sharing
Not Medically Necessary	1. Treatment that is not medically necessary or appropriate (as determined by a licensed medical professional) 2. Drug testing	
Out-of-Network	Any medical service fee(s) paid to out-of-network providers, and / or upfront payments made to in-network Providers. WeShare is not a reimbursement program. Situations where WeShare may make an exception: • Emergencies • Instances where a network provider was not available for the required service, within a reasonable distance The use of out-of-network providers must be approved by Member Services.	
Over-the-Counter (OTC) Medications	Medication not requiring a prescription	
Pre-certification	While WeShare will perform post-service reviews to determine medical necessity and consider a Shareable Medical Bill for sharing, WeShare reserves the right to deem services ineligible if the required pre-certification was not obtained.	
Pre-existing Conditions	Any illness, injury, condition, or associated medical need(s) for which a Member is aware of but fails to disclose on their WeShare membership application.	
Professional Services and Follow-up Care	WeShare Access provides sharing for CVS MinuteClinic, urgent care, emergency room and hospitalizations. Professional services not correlated with the eligible services noted above are not eligible unless otherwise listed. Professional services for care leading up to or following eligible facility/urgent care services are not eligible. Note: Hospitalizations (inpatient or outpatient) are only eligible as a result of an accident, unexpected injury, and sudden emergency/life-threatening illness. Follow-up care once a member is stabilized is not eligible.	

Category	Description	Additional Notes
Prosthetics and Orthotics	Prosthetics and orthotics are not eligible for sharing.	
Psychological	Services not rendered by BetterHelp or Amwell including but not limited to medical need(s), including counseling, testing, treatment, medication, and hospitalization to address certain psychological conditions	
Reasonable & Allowable Amount	Amounts greater than the defined reasonable & allowable amount	The reasonable and allowable amount is the lesser of: 1) the charge made by the provider that furnished the care, service, or supply; 2) the reasonable and customary charge for the same treatment, service, or supply furnished in the same geographic area by a provider of like service of similar training and experienced as further described below; or 3) , for claims submitted on UB-04 forms, an itemized medical bill that lists in detail all the services that were provided during a visit or stay, including but not limited to, inpatient or outpatient facility claims, an amount equivalent to 140% of the Medicare equivalent allowable amount.
Second Surgeries	Second surgeries on previously eligible surgical medical needs, unless the Member has unexpected and unprovoked complications or the provider has established that one or more follow-up surgeries will be needed to fulfill the treatment of your condition (prior to your initial surgery)	
Sexual Dysfunction	Sexual dysfunction service	
Sleep Apnea - CPAP machines and supplies	Continuous positive airway pressure (CPAP) machines and other devices (auto-CPAP, BPAP) are not eligible. This includes the correlated supplies.	
Timely Filing	Members/providers are encouraged to submit medical needs within six (6)-months of the date of service or treatment. However, UHSM will process SMBs for up to 1-year of the date of service. Services submitted after 1-year of the date of service are ineligible.	
Therapy	Aqua therapy, chelation therapy, biofeedback	
Transportation	Transportation (for example, by an ambulance) for conditions that are non-emergency-related	
Travel & International	1. Medical tourism 2. WeShare requires that Members procure travel medical insurance for any trip outside the continental U.S. and its territories. Member sharing is ineligible for those living abroad. 3. Travel Immunizations/Vaccines including any immunization taken for travel purposes. Common travel immunizations include Cholera, Dengue, Japanese Encephalitis, Malaria (prevention medication), Polio (active, inactive is eligible as part of the routine immunization recommendation from the CDC), Tick-borne Encephalitis, Tuberculosis, Typhoid & Paratyphoid Fever, Yellow Fever	
Upfront Payments	Any medical service fee(s) paid to out-of-network providers, and / or upfront payments made to in-network providers. WeShare is not a reimbursement program.	
Vision	Routine vision medical needs are ineligible for sharing (services typically performed by an Ophthalmologist such as annual vision exams, refraction, contact lenses or glasses). Services performed to treat a medical condition or illness of the eye are eligible if performed as part of a hospitalization, urgent care, or emergency room visit.	While vision procedures are not eligible for sharing, Members should be educated on and encouraged to leverage their Vision Discount Program (through Superior Vision).
Vitamins & Supplements	Vitamins (including B12 injections), supplements, or health foods	
Weight Management	1. Obesity (defined as exceeding height / weight) and any complication relating to that diagnosis 2. Weight control and management (including nutritional counseling for weight loss, weight gain or health maintenance), even if related to a medical condition.	While weight management medications or procedure are not eligible for sharing, members should be educated on and encouraged to leverage Noom Digital platform and Amwell's nutritional counseling services to help make lifestyle changes to obtain or maintain a healthy weight.
Women's Care	1. Maternity care, including doula services 2. Hysterectomy, unless deemed medically necessary by a Licensed Physician	
Work-related Conditions	Any conditions or injuries occurring while performing income-producing or work-related activities	

Important Dates	Program Effective Date	Summary of Sharing (SOS) Last Edit Date

Change Log

Date of Change	Details on Update	Updated By
1/31/2024	The Emergency Room line item was updated to include the ER Facility fee and the ER Physician fees; historically the consult fee only covered the facility fee. Effective with the date of the change, the ER Consult Fee will cover the Facility and ER Physician. The AMCS will not be taken on either change. However, all other services billed in the ER will process according to their specific line item and AMCS may apply.	A. Streczyk following conversation with C. Jin
6/4/2024	Material links were updated to redirect to updated versions. Specialty and Wellness Perks Eligibility updated to include HelloFresh perk.	J. Pluchinsky due to updated program materials & new perk
9/1/2024	1. Added clarity to Vision exclusion to expand upon what is specifically not eligible. 2. Removed 6-month colon cancer screening waiting period. 3. Increased application fee from \$99 to \$149 4. Clarified allergy testing and anesthesia notes/limits to further define when eligible. 5. Added injections exclusion (was already being excluded from an operational standpoint, but wasn't explicitly called out) 6. Clarified dialysis exclusion as not eligible (removing medical necessity language) 7. Added Amwell for telehealth 8. Added Active&Fit Direct to exercise resource 9. Updated out-of-network section to indicate services must be approved by member services (previously noted pre-auth required) 10. Updated pre-auth requirements from this concept: Pre-authorization is required for all medical services, except wellness/preventative (including routine annual physicals) and immunizations at CVS MinuteClinic, urgent care, emergencies, and sick-CVS MinuteClinic services. To this concept: Pre-authorization is required for inpatient hospitalizations, 23-hr observation stays, surgeries (not performed in a doctor's office), biopsies (when checking for or to rule out cancer), endoscopic and colonoscopy procedures, imaging such as laparoscopy, MRI, CT, and PET scans, chemotherapy and radiation, infusion therapy, and durable medical equipment over \$2,500. Members must ensure providers submit the Pre-authorization form to MedWatch at least 7 business days prior to scheduled services or within 48 hours of an emergency admission.	A. Streczyk based on September program and pre-auth changes
10/30/2024	Added Naturopaths and holistic providers to exclusions, added line item for home health care (not eligible) and outpatient facility (to clarify when it is eligible), added clarity throughout the document to indicate what type of hospitalizations are eligible and to clarify follow-up care. Clarified that ER consult fee waived if admitted inpatient.	A. Streczyk following conversations with D. Guzman, J. Morales, H. Nesar, C. Jin.

Change Log

Date of Change	Details on Update	Updated By
7/8/25	1. Replace "pre-authorization" with "pre-certification" throughout document 2. Updated the Program Description to represent a Virtual First approach and lessen the emphasis on the program being restrictive. Members should access Amwell Virtual care for PCP and sick visits as a first line of defense when they need care. 3. Updated some verbiage around hospitalizations to ensure it was clear that outpatient services are only eligible for accidental injuries and life-threatening illnesses. 4. Added a note to clarify that Rx does not accumulate towards the pre-existing limits. 5. Removed/edited verbiage about Newborns being automatically eligible for the 1st 30 days of birth since maternity is excluded on this program. Newborns must be enrolled in order to be eligible. 6. Removed requirement that members must notify UHSM in writing when they want to leverage their Continuity of Care rights (they can verbally advise). 7. Added marijuana to the \$50 p/p fee for tobacco use. Members must have a hair sample test performed (at their expense) to have the fee removed. 8. Added Amwell along side CVS MinuteClinic for services now eligible through Amwell (e.g. routine annual physicals since they are offered through the virtual PCP services Amwell offers, radiology ordered by them, dme ordered by them). 9. Clarified that routine colonoscopies and sigmoidoscopies are not eligible. 10. Expanded the B/H counseling services to include Amwell's services. 11. Removed exclusion for bone density, mammogram and cervical cancer screenings - allowing them only when ordered by Amwell or CVS MinuteClinic 12. Added Amwell to BH Counseling line	A.Beer
10/01/2025	1. Aligned Out-of-network exception and Continuation of Care process with service ops current processes 2. Updated pre-existing language to include: whether known or could have been known 3. Added Optum Perks 4. Clarified immunization section to be more clear around waiting periods 5. Added disclaimer throughout document to indicate services are only eligible for sharing when part of an eligible hospitalization 6. Clarified Behavioral Health section to indicate 10 annual visits are combined with BetterHelp and Amwell, simplified exclusion area 7. Clarified X-ray benefit to indicate where SMB team should apply copay 8. Removed No Surprises Act verbiage throughout document	A. de Beer & R. Dibblee
