

WeShare®

Summary of Sharing

Program Description

As our most comprehensive healthcare sharing program, WeShare provides peace of mind and the flexibility to choose a doctor that's best for you, through various options. Whether you prefer the convenience of virtual care or have an in-person need, you'll easily find in-network care through the most comprehensive provider network of any healthcare sharing ministry with the PHCS PPO Network. With several different program levels available, you select the tier to meet your budget and where you are in your healthcare journey. WeShare provides the resources to help proactively manage your whole health: mind, body, and spirit.

Eligible sharing services include routine annual physical, telehealth, CVS MinuteClinic services, physician and therapy services, labs, radiology, urgent care, emergency, hospitalization, maternity, prescriptions through CVS Caremark and more.

Out-of-Network / Non-Network Providers

WeShare Members are encouraged to seek care from participating, in-network care providers through WeShare's expansive network. However, WeShare may, at its discretion and for eligible medical services, consider a non-participating provider eligible if the following conditions are met:

- Services have been pre-authorized;
- Services rendered were considered emergent;
- Services are not emergent but the Member received services at an in-network facility, where certain out-of-network providers rendered care (e.g. anesthesiologist); or
- A participating provider is not available through the PHCS network within a reasonable distance for the needed treatment or service (pre-authorization still required).

Pre-authorization Requirements Summary

See specific line item details for pre-authorization details for each service

Pre-authorization is required for all medical services, except wellness and preventative (including routine annual physicals), immunizations, office visits, urgent care, emergencies, DocDay and CVS MinuteClinic services. While pre-authorization is not required for office visits, it is required for office-based procedures. Members must ensure providers submit the Pre-authorization form to WeShare Member Services at least 5 business days prior to performing tests, treatments, diagnostics, procedures or any other services.

Note: Members can request pre-authorization where there are age restrictions or frequency limits if the service they require exceeds those limits (e.g. Member needs a cervical cancer screening annually versus the every 3-5 years eligible, they can request consideration through a pre-authorization).

Multiple Services Billed

When multiple services are billed, each service will apply the sharing benefits applicable to that service. For example, if an office visit is billed along with labs, both the office visit and lab sharing benefit will be applied to the Shareable Medical Bill (SMB).

Pre-existing Conditions

The pre-existing clause may apply to any applicant who has a family history of a serious medical condition or present symptoms, has been diagnosed or is being treated for a condition themselves. Family history includes, but is not limited to, having a natural parent, brother, or sister diagnosed with diabetes, kidney disease, heart disease, cerebrovascular disease, cancer or required a major organ transplant. Personal history pre-existing conditions means any medical condition for which a Sharing Member has prior diagnostics, represented symptoms for, been examined related to, and/or has received treatment prior to becoming an active Sharing Member of WeShare – whether known to a Sharing Member or not. Common conditions that could be pre-existing conditions include: Pre-Diabetes, Type 2 Diabetes, Hypertension (High Blood Pressure), Hypotension (Low Blood Pressure); Hyperlipidemia. However, any condition deemed as pre-existing through UHSM's pre-authorization process is subject to the pre-existing clause.

For accepted Sharing Members, WeShare applies the following annual sharing maximums for the first 3 years of continuous membership -

Year 1: \$15,000 sharing maximum

Year 2: \$25,000 sharing maximum

Year 3: \$50,000 sharing maximum

Once a Member reaches 36-months of continuous membership, there is no limitation on pre-existing conditions.

If a Member is subject to and exhausts the pre-existing sharing maximum, any service for the associated pre-existing condition will no longer be shared by the program. See Sharing Maximums, page 2, for more information on processing guidelines once a sharing maximum is reached.

Sharing Maximums

Applicable sharing maximums are outlined throughout the document, within the line item they apply to. Sharing maximums apply to each individual Member, unless otherwise stated. If a sharing dollar maximum applies, the maximum is accumulated with paid sharing dollars only (AMCS and consultation fees do not contribute towards the maximum). Once a sharing maximum has been reached, we will continue to process Shareable Medical Bills (SMB) for the services in order to apply network contracted rates, AMCS and consultation fees where applicable. However, additional shared dollars will not be paid for services beyond the maximum. Therefore, once a maximum is reached, the Member can still benefit from the discounted rates of our network for the service, as well as continue to accumulate AMCS for the service throughout the year.

Waiting Periods

Includes services where a waiting period applies in order to be eligible for sharing. Does not include services that have a sharing maximum for a certain time period; See Sharing Maximums, page 2, for such services

Applicable waiting periods are outlined throughout the document, within the line item they apply to. However, certain conditions have a waiting period, regardless of the service that is billed (see below). If a waiting period applies, the services are not shareable until that waiting period has passed.

Conditions that apply a waiting period:

- Cataract & Glaucoma: 12-months of continuous membership required
- Cancer: 12-months of continuous membership required (unless member enrolled in S.M.A.R.T. Care, which reduces the waiting period to 60-days)
- Colon Cancer Screening: 6-months of continuous membership is required
- Childhood Immunizations: If a newborn or child was not a WeShare Member as of their birth date, children aged 0 – 18 Month require 6-months of continuous membership and children over 18-months require 10-months of continuous membership.

Eligibility Requirements

Members must be of Christian Faith, a permanent U.S. resident, under 65 years old, and at least 18 months old (to act as the primary Member). In order to be considered as a dependent on UHSM membership, individuals must be related to the primary applicant as follows: spouse/domestic partner, child (up to age 26 if unmarried and living in the same household or away at college), or siblings for children under 18 years old. Eligible children include biological children, adopted children and children in legal custody, whose adoption is pending, or where the primary applicant has custody with legal responsibility for the child's medical care. Note: children under 18 years old can have a Combined Sharing Membership only if all children are under 18. Individuals 18 years old or older should be on their own membership.

Members must agree to our Statement of Shared beliefs as outlined in the membership guidelines and commit to living a healthy lifestyle.

If, at any time, it is discovered that a WeShare Sharing Member did not submit a complete and accurate medical history within the membership application, either a specific Annual Share Maximum or membership declination may be issued retroactively to her / his effective membership date.

Newborns

WeShare will automatically process eligible share requests for newborn services rendered within the first 30 days after birth, even if the newborn has not yet been added to the program, when all the following conditions are met:

- The newborn's mother is a Sharing Member
- The shareable medical bill (SMB) is "clean" and specifically includes the newborn's full name and date of birth (bills received with the name "baby" are not eligible).

To continue membership beyond the initial 30 days, Members should contact Member Services to submit a program change within 30 days of birth to avoid eligibility gaps. If the program change is not submitted within 30 days, the newborn will be cancelled on day 31. Their next effective date will be the first available effective date following approval of the newborn addition. In such case, there will be a membership gap starting with day 31 until the next available effective date.

Continuity/Continuation of Care

In instances where a Member is receiving care from a provider who's contract with PHCS terminates, continued services are eligible up to 90-days after provider contract termination notice. The Member must notify WeShare that they would like to continue services/have a continuation of care need, in writing. During continuation, associated Shareable Medical Bills (SMB) will be processed as if the network termination had not occurred. However, the Provider may pursue the Member for any amounts above the WeShare program's sharing amount.

For purposes of this provision, "continuing care patient" means an individual who is undergoing a course of treatment for a serious and complex condition from a specific provider, undergoing a course of institutional or Inpatient care from a specific provider, scheduled to undergo non-elective surgery from a specific provider, including receipt of postoperative care with respect to the surgery, or was determined to be terminally ill and is receiving treatment for such illness from a specific provider.

Specialty & Wellness Perks Eligibility:

Dental Discounts - Careington (provider finder)	Yes, except residents in WA, UT or VT where the program is not available
Vision Discounts - Superior Vision (provider finder)	Yes, except residents in WA, UT or VT where the program is not available
LASIK Discounts - Quasight LASIK (provider finder)	Yes, except residents in WA, UT or VT where the program is not available
Nutrition Support - Noom	Yes
Exercise Resource - Fitbod	Yes
Biblical Resource - RightNow Media	Yes
Faith Mental Wellness Podcast (presented by author and mental health expert, Brittney Moses)	Yes

Healthy Discount Program

WeShare Members are eligible to be considered for the Healthy Discount Program.

For Combined Sharing Memberships, the primary Member and the spouse/domestic partner must meet Healthy Discount requirements to be eligible. Children on a Combined Sharing Membership with their parents/guardians do not need to apply for the Healthy Discount; once the primary Member and spouse/domestic partner meet requirements, the Healthy Discount will apply to membership. Children (under 18 years old) are not eligible for the Healthy Discount Program, even if they are the primary Member.

Add-on Programs

Programs that can be added to this program, for an additional fee

S.M.A.R.T. Care

A.I.D.D. Care

Member Cost-Sharing

Membership Fees	Application fee: \$99 Tobacco & e-cigarette users: \$50 per usage Member, per month Four or more dependents: \$50 per dependent >4, per month Program Change Fee/Dependent Add (after enrollment): \$50 per Member added (waived for newborns added within 30 days of birth) Upgrade Program (to a lower AMCS option): \$99 Default payments: \$25					
Consultation Fees	Consultation fees apply to certain services and are applied to each visit. Unless otherwise noted, when a consultation fee applies, AMCS does not apply. While a summary is listed below, see the specific line item for details and to ensure thorough interpretation of the sharing benefit, including any limitations or exclusions. Acupuncture: \$75 Behavioral Health Counseling (in-person/outside of BetterHelp): \$75 Chiropractic: \$75 CVS MinuteClinic: \$10 Emergency Room: \$500 PCP Office Visits: \$25 Physical, Occupational, and Speech Therapy: \$75 Quest & LabCorp Labs: \$10 Specialist Office Visits: \$75 Urgent Care: \$50 X-ray: \$25					
Annual Member Care Share (AMCS) The AMCS is selected during enrollment and can be found in Salesforce (for service and SMB: on the 360 view of the SMB tab titled Individual Max/AMCS; for sales: on the home screen next to the program name). To meet the family amount, a minimum of two Members must meet their individual AMCS	Individual	\$1,000	\$3,000	\$6,000	\$9,000	\$12,000

Specialty Brand Medication	50% shared, after AMCS	50% shared, after AMCS	- Available after 60-days of program participation - Topical creams not eligible

Preventive Care

Services must be billed with a routine, preventive procedure and/or diagnosis code to be considered preventive and processed according to this section. If diagnostic services are billed in conjunction with preventive care, the preventive care will process according to this section but the diagnostic care will process according to the service billed, as non-routine. Except where services are excluded, UHSM follows the healthcare.gov guidelines to help categorize preventive care. Note: if a Member disagrees with the processing (e.g. advises it was a routine service but is not billed as such), Member Services should explain what is included as routine. If the Member confirms diagnostic services were not performed, contact the provider to obtain a corrected bill if applicable and request an SMB review once received.

Service	Sharing Level	Member Responsibility	Pre-authorization Requirements	Waiting Period	Notes, Limitations & Exclusions
Routine Annual Physical	100%	\$0	None	None	None
Routine Annual Well-Woman Visit	100%	\$0	None	None	None
Routine Bone Density Screenings	100%	\$0	None	None	None
Routine Cervical Cancer Screenings	100%	\$0	None	None	To help contain costs, Members are encouraged to obtain a cervical cancer screening as part of their annual well-woman visit and have labs serviced by LabCorp of America or Quest Diagnostics. The following age and frequency stipulations apply: Eligible for Members: 21-29 years of age: every 3 years 30-65 years of age: every 5 years Note: Colposcopies (biopsy of the cervix) are considered diagnostic, refer to surgery line item.
Routine Colon Cancer Screenings Includes anesthesia or medications given to lessen discomfort if also billed with routine diagnosis codes.	100%	\$0	- Required for Sigmoidoscopies and Colonoscopies - Required for Members under 45 years of age, regardless of screening type - Required for Members who require more frequent services than typically recommended	6-months of continuous membership required prior to all colon cancer screenings	To help contain costs, Members are encouraged to request a colon cancer screening as part of their annual physical. The following age and frequency stipulations apply: Members under age 45: Only eligible if pre-authorized Members age 45 or older: - Self-Screen Option: Cologuard tests are eligible every 3 years, or per ACS guidelines. Members are encouraged to request through DocDay or as part of their annual physical. - Flexible Sigmoidoscopy: Eligible every 5 years - Colonoscopy: Eligible every 10 years Polyp removal is considered diagnostic and is subject to a \$5,000 AMCS, whether performed in conjunction with a screening or as a separate procedure. Abnormal tissue removal or biopsies are also considered diagnostic, refer to surgery line item.
Routine Immunizations	100%	\$0	None	If a child is not a WeShare Member at birth, the following waiting periods apply: - Age 0-18 months: 6 months of continuous membership is required prior to immunization sharing eligibility - Over 18 months: 10 months of continuous membership is required prior to immunization sharing eligibility No waiting period applies for children who have been a WeShare Member since birth or adults (>18 years)	To help contain costs, preventive immunizations should be performed in conjunction with an annual physical. The CDC provides a schedule of recommended, routine immunizations: https://www.cdc.gov/vaccines/schedules/ Shingles vaccine eligible for Members 50 years of age or older. Immunizations obtained strictly for travel purposes are not eligible. See program exclusions, page 10, for a list of ineligible travel immunizations. Immunizations obtained as a work requirement are not eligible as work-related services are not eligible. Non-routine immunizations are normally billed with a non-routine diagnosis and are subject to AMCS (e.g. rabies vaccine after animal bite, tetanus vaccine after an accident, Anthrax vaccine for a high-risk individual).

Service	Sharing Level	Member Responsibility	Pre-authorization Requirements	Waiting Period	Notes, Limitations & Exclusions
Routine Labs	100%	\$0	None	None	To help contain costs, Members are encouraged to: - Request routine labs as part of their annual physical/ annual wellness visit. - Obtain laboratory services from Quest Diagnostics or Lab Corp of America. Members should request their provider send labs to Quest or LabCorp when taken in office and sent out for processing.
Routine Mammograms	100%	\$0	None	None	To help contain costs, Members are encouraged to request a mammogram as part of their annual well-woman visit. The following age and frequency stipulations apply: Eligible for Members: 45-54 years of age: every year 55 years of age and older: every other year
Routine Prostate Screenings	100%	\$0	Pre-authorization required	None	To help contain costs, Members are encouraged to request a prostate cancer screening as part of their annual physical and have labs serviced by LabCorp of America or Quest Diagnostics. The following age and frequency stipulations apply: Eligible for Members: Under 45 years of age: only if specifically requested by a physician and preauthorized 45 years of age and older: every 2 years. If additional screenings are needed, they are only eligible if requested by a physician and pre-authorized.

Diagnostics and Medical Care

Service	Sharing Level	Member Responsibility	Pre-authorization Requirements	Waiting Period	Notes, Limitations & Exclusions
Acupuncture	100% after consultation fee	\$75 consultation fee	Pre-authorization required	While there isn't a waiting period specific to this line item, certain waiting periods apply for specific conditions, before associated services would be eligible for sharing. See Waiting Periods, page 2, for details. Also consider if Pre-existing Conditions apply.	Up to 12 annual visits If performed Inpatient, subject to AMCS (consultation fee does not apply)
Allergy Testing	100% after AMCS, up to \$1,200 lifetime sharing maximum	AMCS + amounts that exceed \$1,200 lifetime sharing maximum	Pre-authorization required	None	\$1,200 lifetime sharing maximum
Ambulance & Air Transport	100% after AMCS, up to applicable sharing maximum	AMCS + amounts that exceed trip sharing maximum	Pre-authorization not required for emergencies. However, medical records may be requested for a post-service review to ensure medical necessity.	While there isn't a waiting period specific to this line item, certain waiting periods apply for specific conditions, before associated services would be eligible for sharing. See Waiting Periods, page 2, for details. Also consider if Pre-existing Conditions apply.	Ambulance: \$500 share maximum, per ride Air Transport: \$10,000 share maximum, per ride Please note: the accident protection program (A.I.D.D. Care) can be added for increased sharing levels.
Anesthesia	100% after AMCS	AMCS	Pre-authorization required for scheduled procedures. Pre-authorization not required for emergencies. However, medical records may be requested for a post-service review to ensure medical necessity.	While there isn't a waiting period specific to this line item, certain waiting periods apply for specific conditions, before associated services would be eligible for sharing. See Waiting Periods, page 2, for details. Also consider if Pre-existing Conditions apply.	N/A

Service	Sharing Level	Member Responsibility	Pre-authorization Requirements	Waiting Period	Notes, Limitations & Exclusions
Behavioral Health Counseling	BetterHelp: 100% All other providers: 100% after consultation fee	BetterHelp: \$0 All other providers: \$75 consultation fee	BetterHelp: none All other providers: pre-authorization required	None	Psychiatrists are not eligible. Up to 10 annual visits, combined between BetterHelp and all other providers for non-psychiatric individual, family and marriage counseling. However, BetterHelp also has resources and group counseling sessions that members can access, which do not count towards the 10 session annual maximum. Therefore, such resources are still available once a member has exhausted their included 10 annual session maximum. Members also receive 30% off to continue BetterHelp treatment beyond the initial 10 visits annually. BetterHelp individual therapy minimum age requirement: 18 years old BetterHelp teen therapy minimum age requirement: 13 years old
Behavioral Health - Inpatient and Outpatient	Ineligible	Full cost of service, services are not eligible for sharing	N/A	N/A	WeShare only shares for Behavioral Health Counseling, in and outpatient services are not eligible for sharing.
Cancer	Follows line item for services being billed	Follows line item for services being billed	Pre-authorization required	12-months of continuous membership required before procedures and treatments are eligible for sharing. Please note: S.M.A.R.T. Care membership allows related cancer costs to be shared after 60-days of continuous membership, reducing the waiting period.	Members must: • Notify WeShare within 30 calendar days of diagnosis. • Obtain recommended screening tests to help identify cancers (ages 40 and over). If a WeShare Member fails to notify within this time frame or did not tend to their health by obtaining recommended screenings, the Member's medical needs may not be eligible for sharing. Even though a waiting period applies, the Pre-existing Conditions clause still applies. If the Member's cancer was being diagnosed or treated prior to enrollment, the pre-existing maximums will still apply per the program.
Cataract and Glaucoma	Follows line item for services being billed	Follows line item for services being billed	Pre-authorization required	12-months of continuous membership required before any testing, surgery or related services are eligible for sharing.	N/A
Chiropractic	100% after consultation fee	\$75 consultation fee	Pre-authorization required	While there isn't a waiting period specific to this line item, certain waiting periods apply for specific conditions, before associated services would be eligible for sharing. See Waiting Periods, page 2, for details. Also consider if Pre-existing Conditions apply.	Up to 12 annual visits If performed Inpatient, subject to AMCS (consultation fee does not apply)
CVS MinuteClinic	100% after consultation fee	\$10 consultation fee	None	None	N/A
Diagnostic Labs	Quest and Lab Corp: 100% after consultation fee All other providers: 100% after AMCS is met	Quest and Lab Corp: \$10 consultation fee All other providers: AMCS	Pre-authorization required for scheduled procedures. Pre-authorization not required for emergencies. However, medical records may be requested for a post-service review to ensure medical necessity.	While there isn't a waiting period specific to this line item, certain waiting periods apply for specific conditions, before associated services would be eligible for sharing. Program Exclusions

The below services are not eligible for sharing

Category	Description	Additional Notes
Adenoids	Adenoid removal surgery, if surgery performed previously to remove tonsils, and the adenoids were not removed at the same time	
Alternative Providers	Christian Science Practitioners	
Birth Control	Sterilizations or reversals, even if life-threatening (for example, tubal ligation). The birth control pill is eligible under the pharmacy benefits, however, all other forms of birth control are excluded (including injections, IUDs, etc.).	
Coordination of Benefits	Expenses covered by insurance or another third-party payor agreement of any kind (including, without limitation, worker's compensation, fraternal benefits, self-insured health plan, federal or state governmental program, or any other applicable health insurance), or if a third-party is responsible to pay such expenses. For example, if a Member is injured in a car accident, the Member's automobile insurance may provide coverage or an at fault third-party may be liable for the Member's medical expenses. Under either circumstance, such medical expenses are not eligible for sharing; WeShare does not coordinate benefits with other programs or payors.	
Cosmetic	1. Cosmetic surgery (elective) 2. Breast implants (placement, replacement, and / or removal) and any complications related to breast implants (except as an eligible cancer treatment plan) 3. Dermabrasion service	
Dental	Dental services and procedures are ineligible for sharing. This includes but is not limited to: 1. Periodontics; 2. Orthodontics; 3. Temporomandibular joint disorder (TMJ); 4. Orthognathic surgery, and/or; 5. Charges for dental work done under general anesthesia	While dental procedures are not eligible for sharing, Members should be educated on and encouraged to leverage their Dental Discount Program (through Careington).

Category	Description	Additional Notes
Dialysis	1. Hemodialysis 2. Dialysis Services, diagnostic testing, laboratory tests, equipment and supplies may eligible only if they are deemed medically necessary and only insofar as their cost does not exceed the Reasonable and Allowable Amount. This also includes injectable and intravenous medication including, but not limited to, Heparin, Epogen, Procrit, and other medications administered directly before, during or after a dialysis procedure.	
Emergency Room	1. Emergency room visits where members fail to provide the required paperwork 2. Use of emergency room for non-urgent medical needs (unless treatment at an emergency room is the only legitimate option, because of the severity of the condition and lack of availability of treatment at an alternative facility)	
Experimental Treatments	Procedures or treatments that are not recognized or approved by the American Medical Association (AMA). This includes procedures not approved by the AMA for a given application, procedures still in clinical trials, and procedures that are classified as experimental, or as unproven interventions and therapies.	
Genetic Testing	Genetic testing and counseling	
Gender Reassignment & Hormone Therapy	1. Gender Dysphoria counseling or procedures 2. Hormone Therapy, for men and women, unless deemed medically necessary	
Hearing	1. Cochlear devices 2. Other hearing needs	
Home	1. Home healthcare 2. Home infusion services	
Infertility	Infertility testing or treatment	
Inpatient Hospital	Inpatient hospital stays exceeding sixty (60)-days consecutively, per calendar year, unless deemed medically necessary	
Long Term Care	Long-term care or other care that does not treat an illness or injury (for example, custodial care)	
Negligence & Lifestyle Choices	1. Any illness or injury caused by the Member's failure to obtain timely or proper medical treatment, as well as any subsequent illness or injury caused by your failure to follow a plan of treatment 2. Any medical need(s), those of which are caused by lifestyles, choices, or activities which are in conflict with the Statement of Shared Beliefs; these medical need(s) are ineligible for sharing (see notes) 3. Extreme sports injuries (see notes)	Lifestyle choices: 1. Abortion or abortion counseling; 2. Drug screening and nicotine testing (in the event of results coming back positive); 3. STDs / STIs (Sexually Transmitted Diseases / Infections), except in the instance of sexual assault; 4. Illness or injury due to excessive use of alcohol, including intentional excessive consumption; 5. Illness or injury due to illegal or recreational drug use including using any form of cannabis whether or not it has been prescribed by a medical professional; 6. Maternity resulting from adultery or fornication outside of marriage; 7. Illness or injury due to consumption of a prescription medication taken in excess of instructions; 8. Self-inflicted or intentional injuries; 9. Illness or injury caused by illegal activities; and / or 10. Diseases caused by tattoos, body piercing, or lifestyle choices (includes HIV / AIDs and STDs / STIs) Extreme sports: 11. Injuries arising from the use of personal aircraft, and any other aircraft not operated by a commercially licensed public carrier, are ineligible for sharing. 12. Injuries arising from extreme sports (activities perceived as having a high level of danger) are ineligible for sharing. These activities often involve speed, height, a high level of physical exertion, and specialized gear, and are ineligible for sharing. 13. Injuries relating to activities that are considered professional athletic competition or training, for a profit, or sponsored events, are ineligible for sharing

Category	Description	Additional Notes
Not Medically Necessary	1. Treatment that is not medically necessary or appropriate (as determined by a licensed medical professional) 2. Drug testing	
Out-of-Network	Any medical service fee(s) paid to out-of-network providers, and / or upfront payments made to in-network Providers. WeShare is not a reimbursement program. Situations where WeShare may make an exception: 1. No Surprises Act applies (see notes) 2. Emergencies 3. Instances where a network provider was not available for the required service, within a reasonable distance	No Surprises Act Scenarios 1. Emergency Services, including certain post stabilization care, rendered at a hospital emergency department, a freestanding emergency department which provides emergency services, is geographically separate and distinct, and licensed separately from, a hospital or an urgent care center licensed by the state consistent with the definition of a freestanding emergency department. 2. Non-emergency services rendered by a non-network provider at a participating healthcare facility, provided the Member has not validly waived the applicability of the NSA. Unless the ancillary provider is expressly requested by the Member, ancillary providers may never balance bill. Ancillary services are those related to emergency medicine, such as radiology, anesthesiology, pathology and lab, neonatology and specialty services needed to respond to unexpected complications and hospitalist services. The No Surprises Act also prevents balance billing by out-of-network providers if no in-network provider is available. 3. Eligible for sharing non-network air ambulance services.
Over-the-Counter (OTC) Medications	Medication not requiring a prescription	
Pre-authorization	While WeShare will perform post-service reviews to determine medical necessity and consider a Shareable Medical Bill for sharing, WeShare reserves the right to deem services ineligible if the required preauthorization was not obtained.	
Pre-existing Conditions	Any illness, injury, condition, or associated medical need(s) for which a Member is aware of but fails to disclose on their WeShare membership application.	
Prosthetics	Prosthetics are not eligible for sharing	
Psychological	Medical need(s), including counseling, testing, treatment, medication, and hospitalization to address certain psychological conditions	1. Conditions requiring inpatient psychiatric care; 2. Learning disabilities; 3. Developmental delays; 4. Autism; 5. Behavioral disorders; 6. Eating disorders; 7. Neuropsychological disorders; 8. Alcohol / Substance abuse; 9. Attention deficit or hyperactive disorders; and / or 10. Other psychological conditions
Reasonable & Allowable Amount	Amounts greater than the defined reasonable & allowable amount	The reasonable and allowable amount is the lesser of: 1) the charge made by the provider that furnished the care, service, or supply; 2) the reasonable and customary charge for the same treatment, service, or supply furnished in the same geographic area by a provider of like service of similar training and experienced as further described below; or 3) , for claims submitted on UB-04 forms, an itemized medical bill that lists in detail all the services that were provided during a visit or stay, including but not limited to, inpatient or outpatient facility claims, an amount equivalent to 140% of the Medicare equivalent allowable amount.
Second Surgeries	Second surgeries on previously eligible surgical medical needs, unless the Member has unexpected and unprovoked complications or the provider has established that one or more follow-up surgeries will be needed to fulfill the treatment of your condition (prior to your initial surgery)	
Sexual Dysfunction	Sexual dysfunction service	
Sleep Apnea - CPAP machines and supplies	Continuous positive airway pressure (CPAP) machines and other devices (auto-CPAP, BPAP) are not eligible. This includes the correlated supplies.	

Category	Description	Additional Notes
Timely Filing	Members and providers are encouraged to submit medical needs within six (6)-months of the date of service or treatment. However, UHSM will process SMBs for up to 1-year of the date of service. Services submitted after 1-year of the date of service are ineligible.	
Therapy	Aqua therapy, Chelation therapy, Biofeedback	
Transportation	Transportation (for example, by an ambulance) for conditions that are non-emergency-relate	
Travel & International	1. Medical tourism 2. WeShare requires that Members procure travel medical insurance for any trip outside the continental U.S. and its territories. Member sharing is ineligible for those living abroad. 3. Travel Immunizations/Vaccines including any immunization taken for travel purposes. Common travel immunizations include Cholera, Dengue, Japanese Encephalitis, Malaria (prevention medication), Polio (active, inactive is eligible as part of the routine immunization recommendation from the CDC), Tick-borne Encephalitis, Tuberculosis, Typhoid & Paratyphoid Fever, Yellow Fever	
Upfront Payments	Any medical service fee(s) paid to out-of-network providers, and / or upfront payments made to in-network providers. WeShare is not a reimbursement program.	
Vision	Vision medical needs are ineligible for sharing	While vision procedures are not eligible for sharing, Members should be educated on and encouraged to leverage their Vision Discount Program (through Superior Vision).
Vitamins & Supplements	Vitamins (including B12 injections), supplements, or health foods	
Weight Management	1. Obesity (defined as exceeding height / weight) and any complication relating to that diagnosis 2. Weight control and management (including nutritional counseling for weight loss, weight gain or health maintenance), even if related to a medical condition.	
Women's Care	1. Doula services 2. Hysterectomy, unless deemed medically necessary by a Licensed Physician	
Work-related Conditions	Any conditions or injuries occurring while performing income-producing or work-related activities

Change Log

Date of Change	Details on Update	Updated By
1/31/2024	The Emergency Room line item was updated to include the ER Facility fee and the ER Physician fees; historically the consult fee only covered the facility fee. Effective with the date of the change, the ER Consult Fee will cover the Facility and ER Physician. The AMCS will not be taken on either change. However, all other services billed in the ER will process according to their specific line item and AMCS may apply.	A. Streczyk following conversation with C. Jin
